Join today and march towards success!

Features of our 2-day live course

- **Convincing exam simulation:** Get a real experience of the EFOG-EBCOG exam with 10 examiners and stations to help you build confidence.
- **Clinical advancement workshops:** Fine tune your clinical skills with hands-on workshops and narrow the gap between theory and practice.
- **Program Design:** This unique program is designed as a combination of circuits and technical/non-technical workshops.
- **Make sure you are exam ready:** Make use of proper assessment to keep track of your exam preparation and receive valuable inputs for improvement.
- **Improvement of Communication:** Refine your communication skills with the help of EFOG mentors from the UK.
- **Guidance of EBCOG experts:** Gather priceless tips, strategies, feedbacks, and insights from our qualified panel of mentors from EBCOG and enhance your approach.
- **Learn hands-on:** Facilitate practical and experiential learning by attending dry lab clinical workshops.
- **Technical Workshops:** Workshops on BBN, Communication skills, History Taking and Complex technical skills to assist you further. They are also available with webinars explaining the European clinical systems.

What we have in store?

- **Skilled EFOG-qualified examiners:** Our esteemed panel of 10 examiners possess an immense wealth of knowledge and expertise. Their guidance will easily take you through the exam preparation.
- **Exam circuits close to reality:** Like a real EFOG exam, each candidate gets to attend 2 full circuits. This helps to understand the exam structure inside out.
- **High-fidelity scenarios:** Utilize 50+ carefully prepared scenarios that challenge and enhance your clinical skills, making sure you are up to any possible situation.
- **Emulating real exam setup:** Experience the real pressure and environment of the EFOG exam first-hand.
- **Well-arranged time pattern:** Get acquainted with the time constraints of the actual exam for better time management.
- **Interaction oriented webinars and workshops:** Be a part of webinars and workshops conducted by EBCOG mentors from the UK that address important aspects like communication skills, NHS system, domains, history taking and interpersonal skills.
- **Customized feedback:** At the end of each station, you will be provided a 3-min detailed feedback that will go a long way in identifying areas of improvement and redefining your approach.
- **Certificate of participation:** Once the program is completed, you will receive a certificate of participation.
- **Use of Mannequins:** We will provide you with a unique opportunity to practise using mannequins.
