## Their journey your inspiration!

See what our students are saying!

Thank you so much to the StudyMRCOG team. My success would not have been possible without the continuous support of the mentors. This exam is mainly concept-based, and I am grateful to all the mentors for their concept-focused learning approach. The well-organised and informative lectures, along with the daily activities, were extremely useful. Thank you so much.

**Dr. Savita Malik**

After repeated attempts and hectic practice, I finally cleared the MRCOG Part 2 exam, all thanks to StudyMEDIC.

**Dr. Sushma Ravindran**

My heartfelt thanks and gratitude to the whole team of StudyMEDIC to help me clear MRCOG Part 2. Your study plan, activities, and teaching techniques are extremely helpful. Thanks a lot.

**Dr. Bidisha Biswas**

MRCOG has always been a dream degree for me! Clearing Part 2 of this prestigious exam on my first attempt, that too whilst doing a hectic superspeciality residency, is itself a big success for me. Dr. Dinesh, who is one of the mentors at StudyMEDIC, is like an elder brother to me. Sir suggested that I take the 6 week crash course for part 2. The course is concise, focuses on key concepts via SBAs and EMQs, and is perfect for busy professionals. StudyMEDIC's comprehensive question bank covers all modules efficiently. Thank you, StudyMEDIC.
