What is MRCP Part 2 Written Exam?

MRCP Part 2 is the second exam in the MRCP (UK) series of tests that you need to pass in order to receive the Membership of the Royal Colleges of Physicians. This exam tests your knowledge, skills, and behaviour as a doctor. Additionally, your ability to understand and make clinical judgments will be assessed. Once you pass MRCP Part 2, you prove that you possess the skills and knowledge specified in the UK specialty training curriculum for core medical training/Internal medicine.

MRCP Part 2 Exam at a Glance

Check Your Eligibility for the MRCP Part 2 Exam

- Must have cleared the MRCP Part 1 exam.
- Must appear for MRCP Part 2 within seven years of passing Part 1.
- If more than seven years have passed since passing Part 1, you will need to retake Part 1 and start the process again.

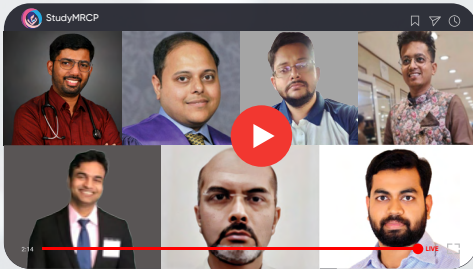

How MRCP Part 1 Differs from MRCP Part 2 ?

MRCP Part 1 tests your foundational clinical knowledge, while MRCP Part 2 challenges you to not only possess extensive knowledge but also to integrate information and make complex clinical judgments.

MRCP Part 2 covers a broader range of clinical topics compared to Part 1, focusing on intricate and nuanced aspects of medical practice.

MRCP Part 1 consists solely of text-based multiple-choice questions. In contrast, MRCP Part 2 often includes clinical images such as X-rays, ECGs, CT scans, and audiograms to illustrate real-world clinical scenarios.
