

Become ISUOG Certified Perfect Your OB-GYN Ultrasound Skills!

WE ARE ACCREDITED BY:

Master the art of **OB-GYN** imaging with **StudyULTRASOUND!**

In a field where precision and clarity are paramount, obstetric ultrasound stands as a cornerstone of modern maternal care. From confirming pregnancies and monitoring foetal development to guiding procedures and identifying complications, ultrasound is an indispensable tool in ensuring a healthy pregnancy.

For OBG professionals dedicated to elevating their practice, mastering the nuances of obstetric ultrasound is not just an opportunity—it's a necessity.

StudyULTRASOUND is here to support you in mastering this crucial skill. Our courses, approved by International Society of Ultrasound in Obstetrics and Gynaecology (ISUOG), are designed to enhance your imaging techniques and keep you updated with the latest advancements in the field.

WE ARE ACCREDITED BY:

StudyMEDIC Revolutionising global medical education

StudyMEDIC, the sole accredited partner of **EBCOG** and provider of **ISUOG**-accredited ultrasound courses, is the leading medical education training platform accredited by international organisations and bodies like **CPD**, **AAA**, **ACTD**, **IAO**, and more. Founded in 2016 and headquartered in Qatar, the organisation offers training and courses for a bunch of globally renowned medical memberships, fellowships, skill enhancement, medical entrance, and licensing exams. With a unique training structure and a globally recognised panel of mentors with decades of clinical and teaching experience, our comprehensive and well-structured courses are designed to empower candidates with the essential knowledge and skills needed to build their dream careers internationally.

StudyULTRASOUND: Your top choice for mastering obstetric ultrasound

StudyULTRASOUND, a sister concern of StudyMEDIC Academy, offers ISUOG-approved, high-quality training programs designed to support OBG professionals in mastering ultrasound techniques and accurately interpreting scan results. Our hybrid courses are crafted by a distinguished panel of mentors, including ISUOG faculty and guidelines writers. Upon successful completion of the program, participants will be awarded a globally recognised ISUOG certification.

Opportunities await for **ISUOG**-certified **ultrasound** experts

Growing global demand

Growing global demand

The demand for skilled obstetric ultrasound experts is growing as maternal healthcare becomes increasingly sophisticated worldwide. Specialising in obstetric ultrasound positions you as a highly sought-after professional, recognised and valued by employers and healthcare organisations globally.

ISUOG certification

The ISUOG certification, globally recognised and highly respected, will enhance your professional credentials, helping you stand out in a competitive job market and advance your career prospects.

Advanced diagnostic skills

This course equips you with the latest diagnostic techniques, enhancing your ability to accurately monitor foetal development and assess maternal health. These advanced skills ensure you are prepared to handle complex cases and deliver top-notch care.

One year free ISUOG membership

Upon successful completion of the course, receive a one-year ISUOG membership with access to extensive learning materials and research papers. You will also get discounts on ISUOG courses to further advance your professional development.

Greater earning potential

Holding a certification in OB-GYN ultrasound sets you apart in the competitive health-care landscape. ISUOG-certified experts often receive higher recognition and improved pay, both globally and locally.

How **StudyULTRASOUND** courses stand out!

Live sessions with expert mentors **Led by ISUOG faculty & guidelines writers**

Our team of 10+ expert mentors, including ISUOG faculty and guidelines writers, offers live, interactive sessions. Their extensive teaching and clinical experience provide you with top-notch guidance throughout your ultrasound training.

Comprehensive ultrasound training aligned with ISUOG standards

From fundamental techniques to advanced procedures, you will explore a diverse range of ultrasound topics thoroughly aligned with the ISUOG curriculum. We ensure you gain a thorough understanding of all key concepts and clinical skills, preparing you to handle any challenge with confidence.

Prepare with top-notch learning materials

Get access to a treasure trove of resources—demonstration videos, question banks, ISUOG guidelines and summaries, podcasts, wisdom shots, flashcards and articles from international medical journals. These materials are designed to make your learning experience rich and engaging.

Hands-on training and self-practice opportunities

Enhance your skills through multi-centric hands-on training sessions with mentor supervision, and make the most of self-practice opportunities at our well-equipped simulation centres. This approach ensures you gain practical experience and refine your techniques effectively.

Opportunity to develop a log book with mentor support

Take advantage of the opportunity to develop and maintain a log book with direct mentor support. Post ultrasound scan images and findings in the study group, engage in peer discussions, and receive valuable feedback from mentors.

Mock exam programs

Assess your progress with time-bound live mock exams that cover all key ultrasound concepts. These exams will help you identify areas for improvement.

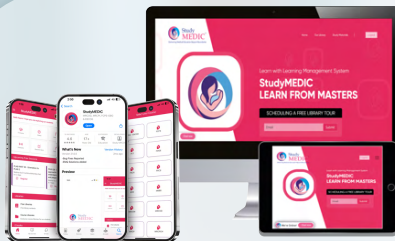

Globally recognised ISUOG certification

Upon successful completion of the program, you will receive globally recognised ISUOG certification to enhance your professional credentials. Plus, enjoy a one-year free ISUOG membership with access to a wealth of learning materials and discounts on ISUOG courses.

Study group with mentor support

Join the StudyULTRASOUND study group for interactive learning, supported by mentors and the back-end team. Here, you can enhance your preparation with self-practice questions, case discussions, wisdom shots and flashcards.

StudyULTRASOUND LMS & Mobile App

Enjoy flexible learning opportunities with our user-friendly Mobile App and LMS. Access content anytime, anywhere, and review lecture slides and recorded sessions as often as needed.

Study**ULTRASOUND** courses: Your path to becoming a skilled **OB-GYN** ultrasound expert

If you are an OBG professional eager to improve your ultrasound skills, StudyULTRASOUND is your ideal partner. Our ISUOG-approved training programs, available in both short and long formats, are crafted to help you master ultrasound techniques and accurately interpret scan results. Explore our courses to find the perfect fit for your professional growth.

Voices of achievement: Graduates speak

Dr. Febin Varghese

The program exceeded my expectations! The hands-on training and guidance from ISUOG faculties were invaluable. I feel more confident in my imaging skills. Thank you StudyMEDIC.

Dr. Sanjitha Patel

What I loved most about this course was how interactive it was. From live sessions to hands-on training, I felt completely immersed in the learning process. I highly recommend this program to any OBG professional looking to enhance their ultrasound skills.

Dr. Garima Jha

I loved this program! The live sessions and practical sessions were perfect for improving my ultrasound skills. The mentors were great, and I have learned a lot. Thank you StudyULTRASOUND!

Dr. Mehra Ali

This course covered everything I needed to know about ultrasound. The mix of theory and hands-on practice was well-balanced. A big thanks to all the mentors.

Dr. Garima Jha

I am really happy with this program. It improved my ultrasound skills a lot, and the resources and feedback from the mentors were incredibly helpful. Earning that ISUOG certification feels like a huge achievement!

Reach new heights in **OB-GYN** ultrasound with
