TESTIMONIALS

Dr. Ambia Ahmed

I am writing to express my deepest gratitude and to convey my heartfelt thanks to you. As with very difficulty I cleared the MRCOG Part 3 examination, and I am thrilled to have this milestone in my career. I met this group at end of my journey during circuit course face to face. They are very helpful, supportive and course was very helpful like real exam. Mentors support, encouragement, and faith in my abilities have played a significant role in my achievement. Once again, thank you from the bottom of my heart. God Bless. Must appreciation.

I can't thank enough to StudyMEDIC and I would recommend it to every MRCOG candidate.....

Dr. Nida Lakhani

I took Dr. Sowmya's mock exam and I must say it was the best decision as it mimicked the exact exam scenarios! And top of that Dr. Sowmya did not leave us till the end. She motivated us gave us those morning shots every day which were just amazing. I am pretty sure her long case must also be as amazing as mock. I recommend her courses!
