

StudyMEDIC Advanced Clinical Training Program for **MRCPsych**

WE ARE ACCREDITED BY:

Study**MEDIC**

Your Destination for Excellence in Your Psychiatric Career

Step into a transformative journey in your medical career with StudyMEDIC's Advanced Clinical Training Program for MRCPsych. This carefully designed training pathway is your gateway to achieving the prestigious Membership of the Royal College of Psychiatrists (MRCPsych).

By earning this esteemed recognition, your expertise and commitment to the field of psychiatry will be acknowledged, positioning you as a leader in mental health care.

What is the **StudyMEDIC** Advanced Clinical Training Program?

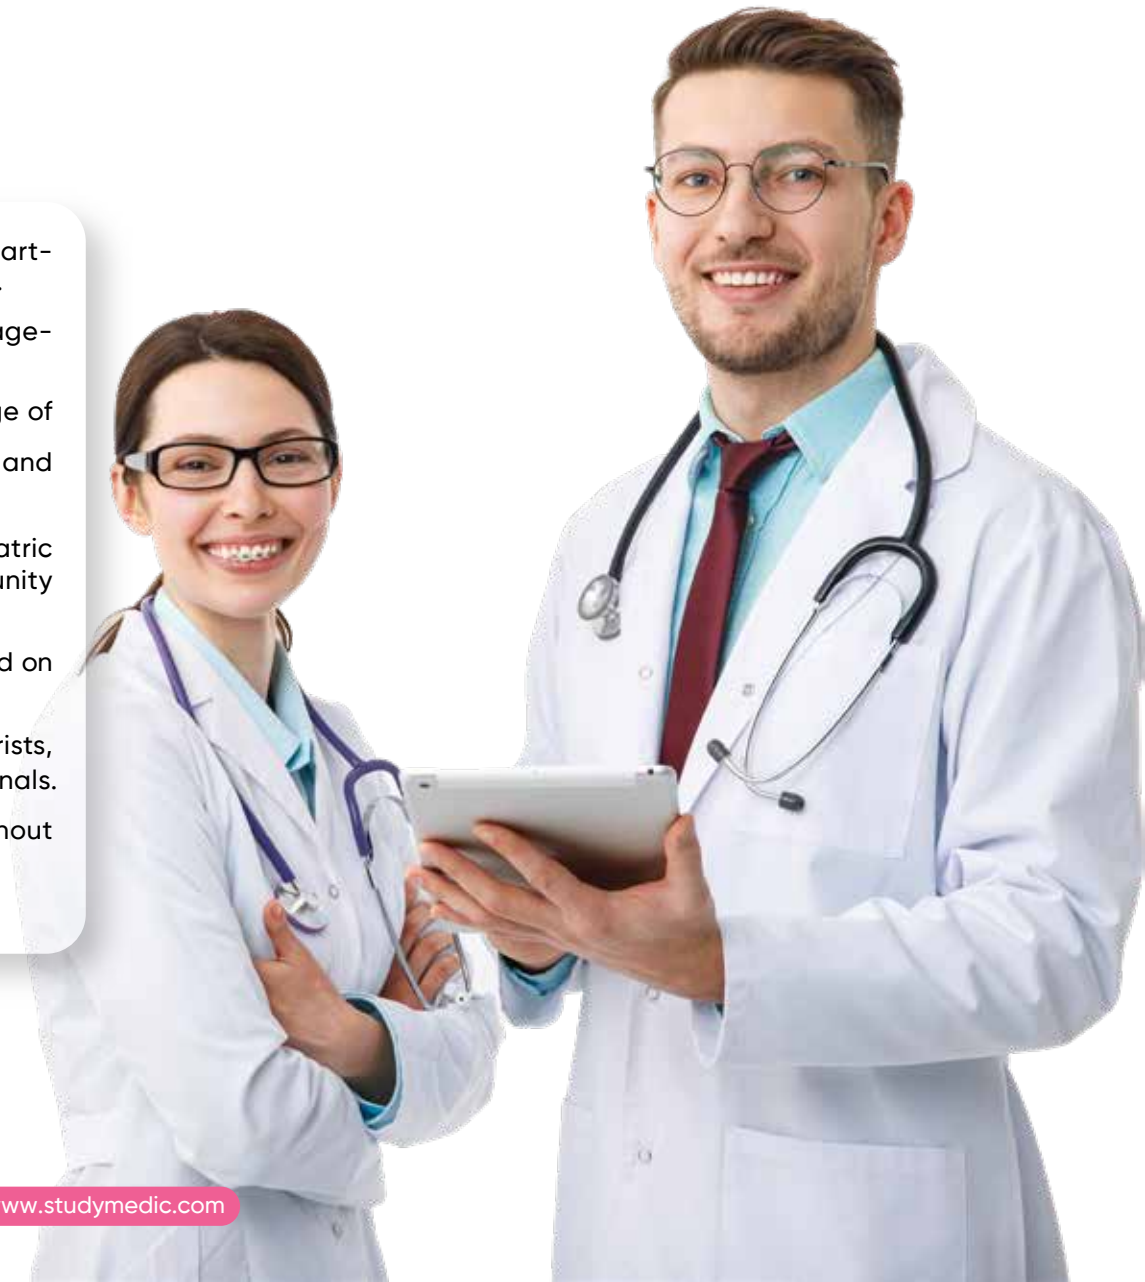

The StudyMEDIC Advanced Clinical Training Program is a comprehensive, cutting-edge medical education initiative designed to bridge the gap between theoretical knowledge and practical skills. This program is specifically tailored for doctors aiming to achieve prestigious memberships and fellowships like

MRCOG, MRCEM, MRCS, MRCPCH, FRCR, MRCP and MRCPsych

Program Objectives

- Gain hands-on clinical training at leading psychiatry departments, multi-speciality, and mental health care institutions.
- Develop comprehensive diagnostic, therapeutic, and management skills in a wide range of psychiatric conditions.
- Prepare for the prestigious Membership of the Royal College of Psychiatrists (MRCPsych) through structured academic and clinical guidance.
- Expand your expertise through exposure to diverse psychiatric cases across child, adult, geriatric, emergency, and community psychiatry.
- Enjoy the flexibility to customize your learning experience based on your psychiatric career goals.
- Receive mentorship and guidance from senior psychiatrists, clinical psychologists, and certified mental health professionals.
- Benefit from a stipend to ensure financial support throughout the training program.

Who Benefits:

- ▶ **Aspiring Psychiatrists:** Ideal for those eager to build a strong foundation in psychiatry and pursue a rewarding mental health career.
- ▶ **Early-Career Medical Graduates:** A perfect launchpad for recent graduates passionate about mental health and seeking structured training for MRCPsych.
- ▶ **Practicing Doctors:** Designed for clinicians aiming to transition into psychiatry or enhance their psychiatric expertise with specialized mentorship.

Accredited by leading bodies: CPD, AAA,
ACTD, IAO, and more

Faculty of 200+ experienced expert
mentors

Exclusive partnerships with top global medical
institutions like EBCOG.

What is MRCPsych?

The Membership of the Royal College of Psychiatrists (MRCPsych) is a prestigious qualification awarded by the Royal College of Psychiatrists (RCPsych), the leading authority responsible for setting global standards in psychiatric education and practice. Achieving MRCPsych is a globally recognised mark of excellence, demonstrating advanced knowledge, clinical competence, and commitment to the field of psychiatry.

The MRCPsych qualification is obtained by successfully completing three key assessments:

- ❖ Paper A covers basic sciences / scientific & theoretical psychiatry (e.g. neuroscience, behavioural/social psychiatry, classification, psychopharmacology).
- ❖ Paper B addresses clinical psychiatry topics (subspecialties such as general adult, old age, child/adolescent, substance misuse, forensic, learning disability, service delivery, etc.) as well as critical review skills.
- ❖ The CASC tests your practical skills, communication abilities, and clinical decision-making through realistic, simulated scenarios.

A Career-Defining Choice

- ❖ **Global Recognition:** Widely accepted internationally for psychiatric practice.
- ❖ **Career Fast-Track:** Accelerate your path to senior and consultant roles.
- ❖ **Clinical Excellence:** Showcase advanced skills in mental health care.
- ❖ **Financial Rewards:** Unlock higher earning potential with specialist status.
- ❖ **International Mobility:** Smooth global career movement with recognised membership.
- ❖ **Elite Network:** Become part of a worldwide community of leading psychiatrists.

Aspect	Non-MRCPsych Holders	MRCPsych Holders
Recognition	Limited to primary qualification country	Internationally recognised psychiatric credential
Career Prospects	Need extra steps for senior roles	Eligible for advanced and consultant-track positions
Training Level	Start at junior levels	Fast-track to higher specialty training
Earning Potential	Lower salary growth	Higher earning scope with specialist status
UK Practice	Additional requirements for psychiatry roles	Preferred for GMC-recognised senior posts
International Opportunities	Fewer global options	Strong global mobility and recruitment demand

Comprehensive Curriculum

- In-depth coverage of MRCPsych Paper A, Paper B & CASC syllabus.
- Regular mock exams, CASC practice stations with expert guidance

Clinical Rotations

- Hands-on training in leading psychiatric hospitals and mental health centres.
