

StudyMEDIC Advanced Clinical Training Program For **MRCS**

WE ARE ACCREDITED BY:

StudyMEDIC Revolutionise Your Surgical Career Globally

Embark on a transformative journey with StudyMEDIC's Advanced Clinical Training Program for MRCS. This meticulously crafted two-year program is your gateway to the prestigious Membership of the Royal College of Surgeons (MRCS) qualification. We don't just prepare you for an exam; we shape future leaders in global surgery.

WE ARE ACCREDITED BY:

What is the StudyMEDIC Advanced Clinical Training Program?

The StudyMEDIC Advanced Clinical Training Program is a comprehensive, cutting-edge medical education initiative designed to bridge the gap between theoretical knowledge and practical surgical skills. This program is specifically tailored for doctors aiming to achieve prestigious memberships and fellowships like

MRCOG, MRCEM, MRCS, MRCPCH, FRCR and MRCP

Program Objectives:

- ❖ Develop advanced clinical skills in specific medical specialties
- ❖ Prepare candidates for international medical memberships and fellowships
- ❖ Foster critical thinking and evidence-based medical practice
- ❖ Build a global perspective on healthcare practices
- ❖ Facilitate career advancement in international medical settings

Why Choose StudyMEDIC?

**8+ Years of Unparalleled
Experience in Medical Education**

**Impressive 95%
Overall Success Rate**

**Faculty of 200+
Experienced Expert Mentors**

**Proud Network of 100K+
Success Stories Worldwide**

**Accredited by Leading Bodies:
CPD, AAA, ACTD, IAO, and more**

**Exclusive Partnerships with Top Global
Medical Institutions like EBCOG and ISUOG**

Who Benefits:

- ❖ Recent medical graduates seeking specialised training
- ❖ Practising doctors aiming for international qualifications
- ❖ Medical professionals looking to transition to global healthcare systems

What is MRCS?

MRCS is a globally recognized qualification awarded by the Royal College of Surgeons in the UK. This rigorous examination process ensures that successful candidates possess the essential knowledge and skills required to excel in surgery:

- **MRCS Part A:** Mastery of applied basic sciences and principles of surgery in general
- **MRCS Part B (General Surgery or ENT):** Objective Structured Clinical Examination (OSCE) covering clinical skills, applied knowledge, and professional behaviours customised based on the specialisation.

A Career-Defining Choice

Choosing MRCS isn't just about passing an exam; it's about transforming your surgical career:

- ▶ **Global Recognition:** Your passport to practice in over 40 countries
- ▶ **Career Fast-Track:** Leap into specialist and consultant positions
- ▶ **Clinical Excellence:** Demonstrate world-class competence in surgery
- ▶ **Financial Rewards:** Unlock higher salary brackets globally
- ▶ **International Mobility:** Seamlessly transition your career across borders
- ▶ **Elite Network:** Join a community of leading surgical professionals worldwide

Why MRCS is the Key to Success

Aspect	Non-MRCS Holders	MRCS Holders
Recognition	Often limited to country of primary qualification	Recognized globally across 40+ countries
Career Prospects	May need additional qualifications for advanced roles	Eligible for specialist and consultant positions
Training Level	Typically start at lower training levels (FY1)	Fast-track to higher training (e.g., ST3 in UK)
Earning Potential	Often limited to country of primary qualification	Access to higher global salary brackets
UK Practice	Generally lower salary ranges	Streamlined GMC registration process

Aspect	Non-MRCS Holders	MRCS Holders
International Opportunities	More limited international job options	Enhanced prospects for global migration
Professional Network	Limited access to international professional circles	Access to RCS's global network and resources
Academic Positions	May need extra credentials for academic positions	Preferred for research and teaching roles
Career Progression	Potentially slower career growth	Accelerated advancement in surgery
Global Health Leadership	Fewer global leadership opportunities	Eligible for key roles in global initiatives
Medical Education	Additional teaching qualifications often required	Recognized qualification for educator roles

Program Features: **Your Path to Surgical Excellence**

1. **COMPREHENSIVE CURRICULUM**

- In-depth coverage of MRCS Parts A and B
- Regular mock exams and assessments

2. **CLINICAL ROTATIONS**

- Hands-on experience in leading multi-specialty hospitals
- Exposure to diverse patient cases and advanced surgical technologies
- Rotations include:

1. Urology	5. Neurosurgery
2. ENT	6. Cardiothoracic Surgery
3. General Surgery	7. Paediatric Surgery
4. Plastic Surgery and Burns	8. Accident and Emergency
	9. Orthopaedics and Trauma

3. E-PORTFOLIO

- Advanced digital platform for tracking learning progress
- Centralised management of assessments and clinical experiences
- Aligns with RCS standards for professional development

4. EXPERT MENTORSHIP

- Guidance from MRCS holders with years of clinical and academic experience
- One-on-one sessions for personalised learning
- Cases discussions and clinical reasoning workshops

5. ATTRACTIVE STIPEND

- Competitive financial support throughout the program

6. STUDYMEDIC LMS & MOBILE APP

- 24/7 access to vast learning resources
- Interactive video lectures, podcasts, and learning materials
- Regular updates with latest guidelines and research

7. PLACEMENT & MIGRATION ASSISTANCE

- Dedicated team for international job placements
- Guidance on visa processes and international licensing
- Networking opportunities with global healthcare institutions

Who Can Join?

- ❖ Holders of a valid primary medical qualification from a recognized institution
- ❖ Qualification must be eligible for, or recognised by, the GMC for registration

Program Duration

- ❖ Standard: 2 Years of intensive training
- ❖ Flexible schedules available to suit individual needs
- ❖ Extended support until MRCS qualification is achieved*

Embark on Your Global Surgical Career Journey Today!

MS in General Surgery, MBBS
Mentor

Dr. Adithi Shankar
MBBS, MS General
Surgery, MRCS, BLS, IELTS
Mentor

Dr. Souradeep Mitra
MBBS, MS (ORTHO), MRCS
(EDINBURGH)
Mentor

Testimonial

Dr. Vimal Nair

Thanks to all the mentors. Only way i prepared is by trusting the mentors blindly and following their advise in literal.

Dr. Javied Iqbal Kachroo ★★★★★

I would like to thank StudyMEDIC team for their ample support, and guidance. Study material provided was Up-to-date. Mentors were very helpful throughout the course. I will highly recommend StudyMEDIC. Thanks StudyMEDIC and the team.

Dr. Vijayalakshmi

I would really like to thank the entire StudyMEDIC team and all the mentors for the time and effort! The weekly video sessions were of great help amidst my hectic work schedule. We were all encouraged to participate actively which helped me realize my areas of weakness. Feedbacks of our individual performance were given. The entire course was conducted "online" via zoom and that was so timesaving. Especially with regards to the skills section, I realized the importance of regular "practice" and "time management"! Special thanks to Dr. Anushka and Dr. Yugal Limbu for taking extra practice sessions and providing useful tips especially for communication skills!
